01 The answer first

the conclusion first; every page after this is the proof

- ◆ Naukri is the stronger primary direction because the Vrishchik dasham bhav (the career house) has 35 sarvashtakavarga bindus, while Singh H7 has only 24, and lagna lord Shani occupies H11 for gains through large organisations and professional networks.
- ◆ The best career direction is technology or analytics, operations or project leadership, and multinational or remote consulting because exalted 10th lord Mangal 08°46' Makar · H12 joins Shukra and Rahu in H12.
- ◆ Independent business is possible as a later or parallel path, but combust Budh 26°37' Kumbh · H1 and the weak H7 recommend testing a low-capital advisory or service model before leaving stable employment.
- ◆ The strongest move, promotion or salary-negotiation window is 28 Apr 2027 – 30 Sep 2027 under Shani–Shukra–Guru, strengthened during Jul 2027 – Nov 2027 when Guru occupies H7 from lagna and H11 from Chandra.
- ◆ A second expansion phase runs through 31 Mar 2028 – 11 Sep 2028, while 2 Sep 2029 – 30 Oct 2029 can bring a valuable role or foreign-linked opportunity with greater domestic and emotional pressure.

BEST WINDOWS

2 Sep 2029 – 30 Oct 2029

2 Sep 2029 – 30 Oct 2029 · foreign-linked role, recognition or profitable agreement

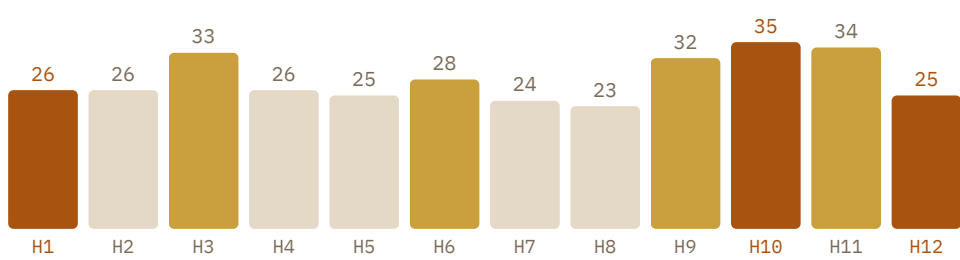

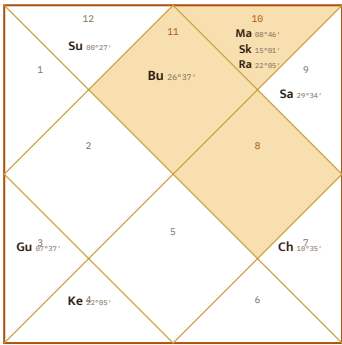

Shani–Surya–Shukra activates yogakaraka Shukra with the H2-placed Surya antardasha, while Sep 2029 – Oct 2029 places Guru in H9 and Rahu remains in H11.

THE ONE CAUTION

Mangal 08°46', Shukra 15°01' and Rahu 22°05' in Makar H12 can create hidden costs, abrupt exits and overinvestment in foreign or independent plans, especially during 6 Nov 2026 – 28 Apr 2027 and 11 Sep 2028 – 17 Nov 2028.

confidence medium · Medium confidence. The known birth time and agreement between the exalted D1 10th lord Mangal and D10 Mangal in Vrishchika H1 support the career reading, but Kumbh lagna at 29°59' is extremely close to a sign boundary and makes divisional-house conclusions time-sensitive.

PLACEMENT	WHAT IT DOES HERE	WEIGHT
Vrishchik · H10 · empty · 35 SAV bindus	The 35 sarvashtakavarga bindus in empty Vrishchik H10 give unusually strong capacity for career activity, responsibility and visible achievement.	strong
Mangal 08°46' Makar · H12 · exalted · 10th lord	Exalted Mangal in Makar H12 as the 10th lord supports decisive execution and technical leadership, with results flowing through foreign, remote, institutional or confidential settings.	strong
D10 lagna Vrishchika · Mangal Vrishchika · H1	Mangal in its own sign in D10 H1 reinforces autonomy, crisis management and leadership in complex assignments.	strong
D10 H10 Singh · lord Surya in Vrishchika H1	Surya, lord of D10 H10, in Vrishchika H1 links professional status directly with personal authority, ownership and leadership.	moderate

Your dasham bhav (the career house) is Vrishchik and carries 35 sarvashtakavarga bindus, the highest score in the chart. This gives unusual capacity for sustained responsibility, visible achievement and demanding professional activity. The bhav is empty and receives no standard full Parashari graha aspect, so its strength comes mainly from its score, its lord and the divisional chart.

Mangal, the 10th lord, is exalted in Makar H12. This directs career power toward multinational, remote, institutional, technical, confidential or behind-the-scenes work. The D10 lagna (the career divisional ascendant) is Vrishchika, with Mangal in its own sign in H1, reinforcing autonomy, crisis management and complex problem-solving. D10 H10 is Singh, and its lord Surya in Vrishchika H1 joins professional status with personal authority, ownership and leadership. Your career grows most strongly when you take charge of difficult work rather than wait for easy recognition.

	PLACEMENT	WHAT IT DOES HERE	WEIGHT

	Budh 26°37' Kumbh · H1 · combust · digBala	Budh supports analysis, consulting, communication and digital work, but combustion requires careful review of contracts, pricing and business assumptions.	moderate
	Surya 00°27' Meen · H2 · neutral · 7th lord	Surya as H7 lord in H2 can monetise clients and partnerships, but its ordinary strength and the weak H7 make business a secondary path.	moderate

Naukri is the stronger foundation of your chart. H10 has 35 sarvashtakavarga bindus and H11 has 34, while H7 has only 24. This gives employment, salary growth and organisational advancement a clear numerical advantage over partnership-based business. Shani, the lagna lord, in H11 supports durable gains through established organisations, senior networks and systems that reward patience.

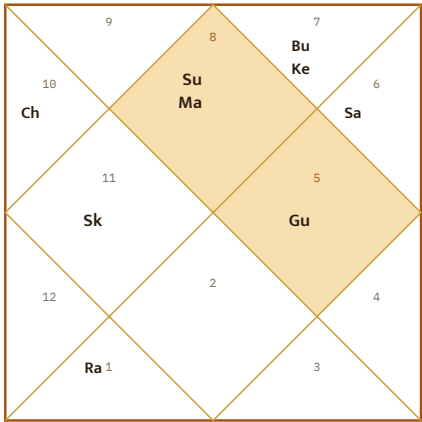

Business is not denied, but it should begin in a controlled form. Exalted Mangal gives enterprise, operational independence and the ability to lead technology, engineering, operations, security or project work, especially in foreign-linked settings. Budh supports analysis, consulting, communication and digital work, but combustion makes contracts, pricing and business assumptions vulnerable to oversight. Surya as H7 lord in H2 can monetise clients and partnerships, yet its ordinary strength and the weak H7 make business secondary. Build a specialised consulting, contracting or advisory stream before considering a full departure from stable employment.

The main career development cycle is Shani–Shukra from Sep 2025 – Nov 2028. It activates the connection between fortune and profession through the H12 placement of Shukra and Mangal, bringing progress through international, remote, institutional or less conventional work. The single best move window is 28 Apr 2027 – 30 Sep 2027, when Shani–Shukra–Guru supports promotion, a raise, a better offer or a well-judged change.

The period 31 Mar 2028 – 11 Sep 2028 is strong for interviews, retraining, negotiation, role redesign and carefully testing consulting. The phase 6 Nov 2026 – 28 Apr 2027 can produce sudden openings, but hidden conditions make due diligence essential. Avoid an unplanned exit during 11 Sep 2028 – 17 Nov 2028. Shani–Surya from Nov 2028 – Oct 2029 shifts attention toward income, authority and clients, with 2 Sep 2029 – 30 Oct 2029 offering a foreign-linked or more profitable responsibility, though results remain uneven.

PLACEMENT	WHAT IT DOES HERE	WEIGHT
Dharma-Karmadhipati · Shukra-Mangal conjunction · Makar H12	The Dharma-Karmadhipati yoga formed by Shukra and Mangal in Makar H12 connects opportunity with career action and supports advancement through foreign organisations or specialised work.	strong
Raja Yoga (kendra-trikona) · Makar H12	The Raja Yoga formed by a kendra-trikona connection gives rise after sustained effort, while H12 redirects results toward distant locations, institutions, expenses or work outside the spotlight.	strong
Mangal 08°46' Makar · H12 · exalted	Exalted Mangal in H12 materially strengthens both career yogas and supplies the execution required to convert them into results.	strong
Kemadruma · Chandra 10°35' Tula · H9	Kemadruma, with Chandra isolated in Tula H9, can produce uneven confidence, dissatisfaction or abrupt changes of direction despite strong career combinations.	moderate

The Dharma-Karmadhipati yoga (fortune-career union) is formed by Shukra and Mangal, the 9th and 10th lords, joining in Makar H12. This connects opportunity with decisive career action and supports advancement through foreign organisations, specialised work, remote roles and institutions. The Raja Yoga (authority-producing connection) also gives rise after sustained effort, but H12 redirects part of its result into distant locations, expenses, confidential duties or work outside the spotlight.

Mangal is exalted in H12, materially strengthening both career yogas and supplying the execution needed to turn potential into results. These combinations do not promise effortless public status. Kemadruma (isolated Moon pattern), with Chandra in Tula H9, can produce uneven confidence, dissatisfaction or abrupt changes of direction. Your success therefore depends on structured execution, technical depth and deliberate decisions. The chart gives strong career combinations, but you must give them a stable professional channel.

11 The conclusion — what to do, and when

bhav 10 · 12 · 1 · 11 · 5

	PLACEMENT	WHAT IT DOES HERE	WEIGHT
	Vrishchik H10 · 35 SAV bindus	The 35 sarvashtakavarga bindus in Vrishchik H10 support sustained career achievement and make professional consolidation the central strategy.	strong
	Mangal 08°46′ Makar · H12 · exalted	Exalted Mangal in Makar H12 points toward technical leadership and foreign, remote or institutional work.	strong
	Shani 29°34′ Dhanu · H11 · lagna lord	Shani as lagna lord in Dhanu H11 shows that long-term gains come through disciplined networking, organisational credibility and patient advancement.	strong
	Budh 26°37′ Kumbh · H1 · combust	Combust Budh in Kumbh H1 supports analysis and consulting, but contracts, calculations and assumptions require deliberate review.	moderate

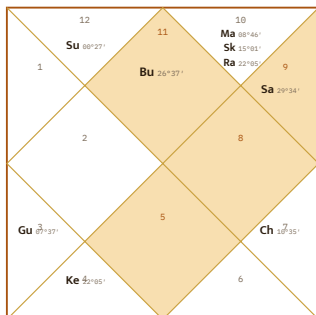

Choose a structured job as your primary path because H10 has 35 sarvashtakavarga bindus, H11 has 34 and H7 has only 24. Target technology or analytics, operations or project leadership, and multinational or remote consulting because exalted 10th lord Mangal occupies H12. Use 28 Apr 2027 – 30 Sep 2027 for the strongest promotion, raise or job change, with Jul 2027 – Nov 2027 adding supportive Guru transit.

Use 31 Mar 2028 – 11 Sep 2028 to widen networks, retrain or test consulting without abandoning stable income prematurely. During 6 Nov 2026 – 28 Apr 2027, investigate opportunities but do not resign before compensation, location and hidden conditions are documented. During 11 Sep 2028 – 17 Nov 2028, avoid conflict-driven exits and control transition costs. Apply exalted Mangal through disciplined execution, technical depth and decisive problem-solving rather than haste or excessive financial risk.

12 The five questions everyone asks

the questions people ask about this subject, each answered for your chart

1. A job or my own business — which suits me better?

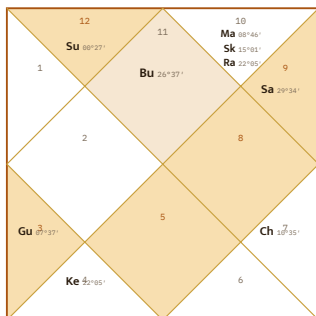

PLACEMENT	WHAT IT DOES HERE	WEIGHT
H10 35 SAV · H11 34 SAV · H7 24 SAV	The strength of H10 and H11 materially outweighs the partnership house used for business.	strong
Shani 29°34' Dhanu · H11 · lagna lord	Shani as lagna lord in H11 supports gains through established organisations and professional networks.	strong
Budh 26°37' Kumbh · H1 · combust	Combust Budh allows consulting and analytical enterprise, but business contracts and pricing require extra scrutiny.	moderate

A structured job suits you better as the primary path. Your H10 and H11 are strong, while H7 is weaker, so employment, organisational advancement and salary growth have firmer support than partnership-based business. Shani, the lagna lord, in H11 further favours established organisations, senior networks and systems that reward patience.

Your own business is possible, but introduce it through specialised consulting, contracting or a side venture. Budh supports analysis and advisory work, while combustion requires careful checking of contracts, pricing and assumptions. Validate demand and cash flow before leaving stable employment. A controlled service model suits you better than an immediate high-capital leap.

2. When will the next promotion or raise come?

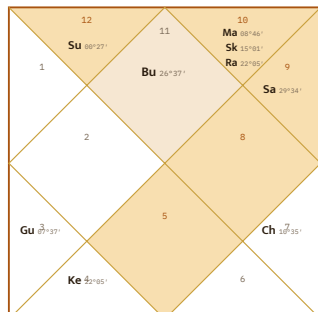

PLACEMENT	WHAT IT DOES HERE	WEIGHT
Shani–Shukra–Guru · 28 Apr 2027 – 30 Sep 2027	Shani–Shukra–Guru from 28 Apr 2027 – 30 Sep 2027 is the clearest dasha period for financial advancement because Guru rules H2 and H11.	strong
Guru Singh · H7 from lagna · H11 from Chandra · Jul 2027 – Nov 2027	Guru in Singh H7 from lagna and H11 from Chandra during Jul 2027 – Nov 2027 supports approval from decision-makers, alliances and gains.	strong
Shani–Surya–Shukra · 2 Sep 2029 – 30 Oct 2029	Shani–Surya–Shukra from 2 Sep 2029 – 30 Oct 2029 can produce compensation or status improvement through the H2 Surya antardasha and yogakaraka Shukra.	moderate

The strongest promotion or raise window is 28 Apr 2027 – 30 Sep 2027. This period is especially useful for salary negotiation, a better offer, greater responsibility or a well-judged move. Support becomes stronger during Jul 2027 – Nov 2027, when Guru occupies H7 from lagna and H11 from Chandra, bringing approval from decision-makers, helpful alliances and gains.

A second recognition and compensation window appears from 2 Sep 2029 – 30 Oct 2029. It can bring status improvement or a more valuable role, especially through a foreign-linked agreement or client responsibility. Prepare your evidence of performance and negotiate from documented results rather than relying on verbal promises.

3. Is a job change right now, and when is the best time?

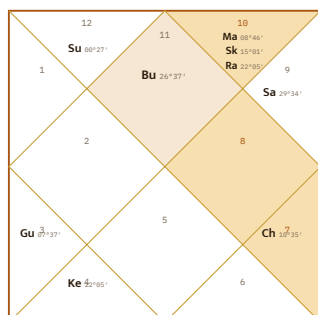

PLACEMENT	WHAT IT DOES HERE	WEIGHT
Shani–Shukra–Rahu · 6 Nov 2026 – 28 Apr 2027	Shani–Shukra–Rahu from 6 Nov 2026 – 28 Apr 2027 activates the H12 cluster, producing sudden foreign or remote openings alongside hidden conditions.	moderate
Shani–Shukra–Guru · 28 Apr 2027 – 30 Sep 2027	Shani–Shukra–Guru from 28 Apr 2027 – 30 Sep 2027 provides the best balance of opportunity, judgment and financial improvement.	strong
Guru Singh · H7 from lagna · H11 from Chandra · Jul 2027 – Nov 2027	Guru in Singh H7 from lagna and H11 from Chandra during Jul 2027 – Nov 2027 strengthens supportive alliances and gains for a career move.	strong

A job change during 6 Nov 2026 – 28 Apr 2027 can happen, but it carries uncertainty. Accept it only after the role, location, compensation and reporting conditions are documented clearly. This period can produce foreign or remote openings, yet hidden expectations and abrupt developments can make an apparently attractive offer unstable.

The best planned change window is 28 Apr 2027 – 30 Sep 2027. It offers a better balance of opportunity, judgment and financial improvement. From Jul 2027 – Nov 2027, supportive Guru transit adds helpful alliances and gains, making this the strongest period to execute a carefully prepared move.

4. Is there a yog for work abroad or far from home?

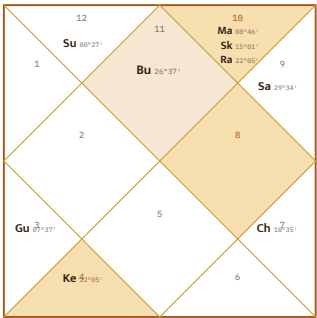

PLACEMENT	WHAT IT DOES HERE	WEIGHT
Mangal 08°46' Makar · H12 · exalted · 10th lord	Exalted Mangal as 10th lord in H12 directly connects profession with distant, foreign, remote or institutional settings.	strong
Shukra 15°01' Makar · H12 · 9th lord	Shukra as 9th lord in H12 supports long-distance links and joins Mangal in the Dharma-Karmadhipati yoga.	strong
Rahu 22°05' Makar · H12	Rahu in Makar H12 intensifies foreign and unconventional work opportunities while increasing uncertainty and hidden expense.	moderate

Yes, the indication for work abroad or far from home is strong. It is most reliable through employment in a multinational organisation, remote team, institution or foreign-linked project. The chart supports specialised work carried across distance more clearly than an untested overseas business.

Exalted Mangal, the 10th lord, gives decisive professional action in H12, while Shukra as the 9th lord joins it and connects fortune with career. Rahu intensifies foreign and unconventional possibilities, but it also brings uncertainty,

hidden expenses and changing conditions. Examine relocation terms, compensation and long-term stability before committing.

5. Which months of the coming year should I be careful in at work?

PLACEMENT	WHAT IT DOES HERE	WEIGHT
Shani-Shukra-Mangal · 30 Aug 2026 – 6 Nov 2026	Shani-Shukra-Mangal from 30 Aug 2026 – 6 Nov 2026 gives execution power but can make workplace reactions, exits and disputes too abrupt.	strong
Shani-Shukra-Rahu · 6 Nov 2026 – 28 Apr 2027	Shani-Shukra-Rahu from 6 Nov 2026 – 28 Apr 2027 activates hidden variables, foreign complications and uncertain expectations.	strong
Guru Kark · H6 from lagna · H10 from Chandra · Feb 2027 – Jun 2027	Guru in Kark H6 from lagna and H10 from Chandra during Feb 2027 – Jun 2027 increases workload, competition and the need to manage routines and colleagues carefully.	moderate

Exercise the greatest care during 30 Aug 2026 – 6 Nov 2026, when the Mangal pratyantar can produce haste, conflict and abrupt reactions at work. Do not resign or confront authority without a complete plan. The next caution phase is 6 Nov 2026 – 28 Apr 2027, when Rahu can conceal conditions, alter expectations or destabilise an attractive opportunity.

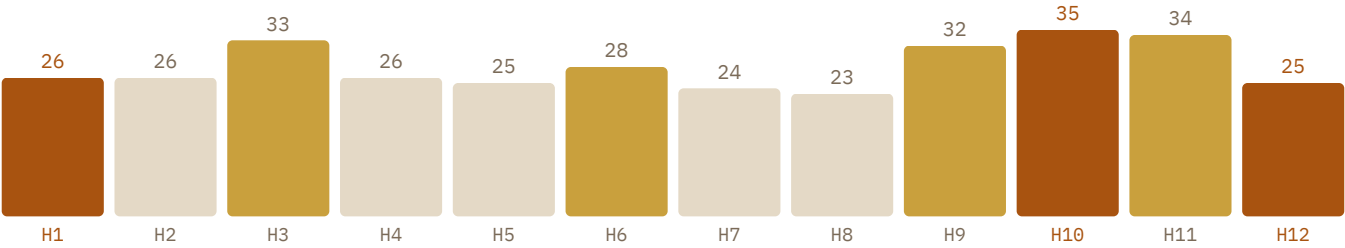

From Feb 2027 – Jun 2027, Guru in H6 increases workload, competition and the need to manage routines and colleagues carefully. The dasha improves from 28 Apr 2027 – 30 Sep 2027, so use that later period for constructive advancement rather than forcing results during the earlier pressure phases.
